.....

Specification

Which mark is being applied for? 50% 75% 100%

Fibre Type	Description	Your %	Total %
Recovered Fibre	Converter's Waste (waste that has left the mill and is waste from cutting/slitting operation)		
	Printer's Waste – printed or unprinted (waste collected from a printing operation and may be either 'trimmings', 'overs', 'rejects' or any other similar waste received from a printer.		
	Domestic/Office waste – printed or unprinted		
	Newsstand returns		
	Other – e.g. industrial waste, agricultural waste etc.		
Other, NOT Recovered Fibre	Mill broke (waste that has not left the mill)		
	Virgin wood fibre		
	Virgin non-wood fibre		

Please provide any supporting evidence with reference to purchasing standards, traceability systems and working practices. (e.g. ISO9001, ISO14001, Chain of Custody certificates etc.).

Declaration

We confirm that the above specification constitutes the pulp content of the BRAND detailed and that the brand will continue to be produced with that pulp specification. We further agree that if the pulp specification is varied, and as a result the recovered fibre content is reduced to below the minimum level for certification, this will be notified immediately to the NAPM. We take full responsibility for any inaccuracies or omissions within this application.
